Label and packaging quality starts with finishing

JUPITER. Modular mid-web inspection and converting line.
High speed slitting rewinding machine with semi-rotary die-cutting, JUPITER is the ideal solution for mid-web print runs, significantly reducing job changeover times.
Designed for consistent performance, maximum safety, and flawless inspection, it integrates real-time defect detection with automatic stop, minimizing waste and downtime.

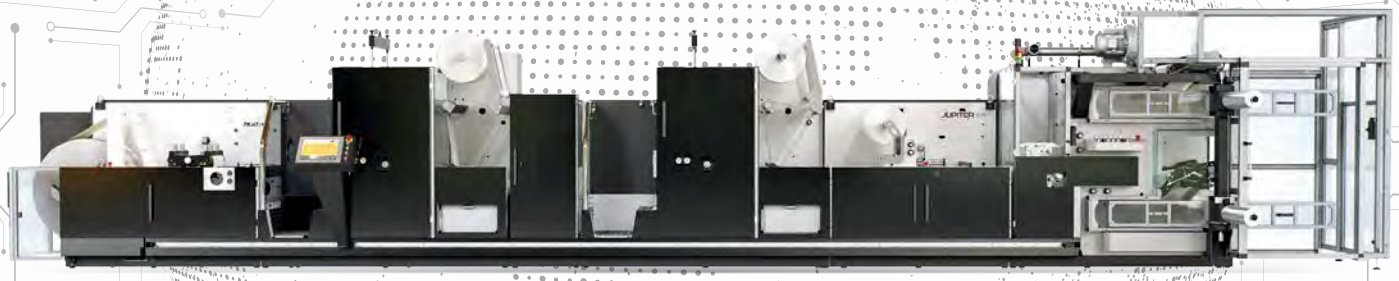

Total reproducibility. Zero defects.
Applications: flexible packaging, pastboard, self-adhesive labels (including "clear-on-clear"), IML, BML and WGL.
Material thickness: 12–350 µm.
Finishing processes: registered die-cutting unit, full-web inspection in a single pass, slitting and rewinding on regular or SA turret units.
Speed: up to 400 m/min.
Web width: 670 mm.
Compliant with EU Machinery Regulation 2023/1230 and the latest environmental standards.

VISIT US AT
HALL C-3529

WELCOME

Welcome to LOUPE Americas 2026 (formerly Labelexpo Americas). This is the first LOUPE event since we announced the transition from Labelexpo to LOUPE last year, and we're excited to show you how the label and package printing community is evolving, across North America and beyond.

LOUPE is the global platform for the package printing industries, connecting business professionals in labels, flexible packaging, more specifically shrink sleeves and pouches, and in-line folding carton converting. LOUPE delivers the insight, expertise, and innovation to help the industry navigate technological shifts, unlock new capabilities, and drive growth.

It's great to be back at the Donald E. Stephens Convention Center for the 19th edition. As we build on a legacy that has connected the industry for decades, we remain focused on what matters most to you - seeing live equipment in action, discovering new products and finding practical ideas you can take back to your business.

Education and networking throughout the show is enhanced more than ever before. The new education pass provides full access to all keynote presentations, breakout sessions, and hands-on workshops across the first two days of the show, plus unlimited access to the exhibit floor and show floor activities for all three days.

The conference program, taking place on the first two days, covers an array of topics including AI, automation, smart packaging through to market intelligence and workforce development.

We also have the Spotlight Stage where leading-edge companies will discuss their technologies and solutions revolutionizing the label and package printing industry.

On September 15th, we celebrate excellence by recognizing the key achievements in the label and package printing industry across sustainability, innovation, future leaders and converters at the Labels & Labeling Global Awards. Congratulations to all winners and finalists!

Also for the first time, LOUPE Americas 2026 has appointed five industry experts as ambassadors from across the label and package printing community who will serve as industry voices at the show, covering flexible packaging, folding carton, sustainability, label market intelligence and the next generation of industry leaders.

As always, this event is powered by our community. To our sponsors, partners, exhibitors, and speakers - thank you for your leadership, collaboration, and trust. And to all attendees - thank you for investing your time to learn, share, and strengthen our industry together.

We encourage you to make the most of the show - plan your route, check the demo schedules, meet new suppliers, reconnect with colleagues, and discover new ideas that move your business forward.

On behalf of the entire LOUPE Global team, a very warm welcome. We're excited for the conversations you'll have, the technologies you'll see, and the possibilities you'll leave with. We hope you enjoy LOUPE Americas 2026!

Tasha Ventimiglia
Group Director, Americas, LOUPE

EOS®

Flexible Power, Intelligent Curing.

A new dawn in power and control

Introducing EOS:

A total redesign of GEW's power supplies, control electronics, cabling and all UV system control software brings superb efficiency and modularity.

Intelligent, serialised lampheads enable vastly improved telemetry and machine integration options.

EOS intelligent lamps enable:

- ☑ Detailed telemetry for accurate reporting, including hour and reflector counters
- ☑ Auto-configuration of power supply, for management and servicing
- ☑ End-to-end encryption for enhanced system security
- ☑ Rapid, unlimited cassette flexibility on each station

WELCOME

TLMI

Welcome to LOUPE Americas 2026

On behalf of TLMI (Tag and Label Manufacturers Institute), welcome to the inaugural LOUPE Americas 2026.

This year marks an exciting new chapter as Labelexpo Americas evolves into LOUPE Americas, reflecting the continued growth and innovation of the label and package printing industry. While the name has changed, the mission remains the same: bringing our industry together to connect, discover, and move forward.

TLMI has proudly partnered with Labelexpo Americas since 1992, helping shape North America's premier event for the label and package printing industry. The TLMI team and our membership, both converter and supplier companies, are thrilled to continue our long-standing support of this impactful event.

At TLMI, our commitment to **Community, Insight,** and **Advocacy** guides everything we do. Those values are reflected throughout the show and in our booth theme, **"The Power of Partnership. Shaped by Members."** We believe our industry's greatest strength comes from collaboration. TLMI like LOUPE Americas brings converters and suppliers together to share knowledge, solve challenges, and drive innovation. Just as importantly, both TLMI and LOUPE Americas are shaped by expertise, engagement, and the leadership of our members and attendees/exhibitors.

Throughout the event, you'll have opportunities to explore new technologies, gain valuable industry insights, and connect with peers from across the value chain. We also invite you to visit TLMI during the show to learn more about our programs, meet our team, and experience firsthand how partnership drives progress. You can find TLMI in Hall A, booth 99.

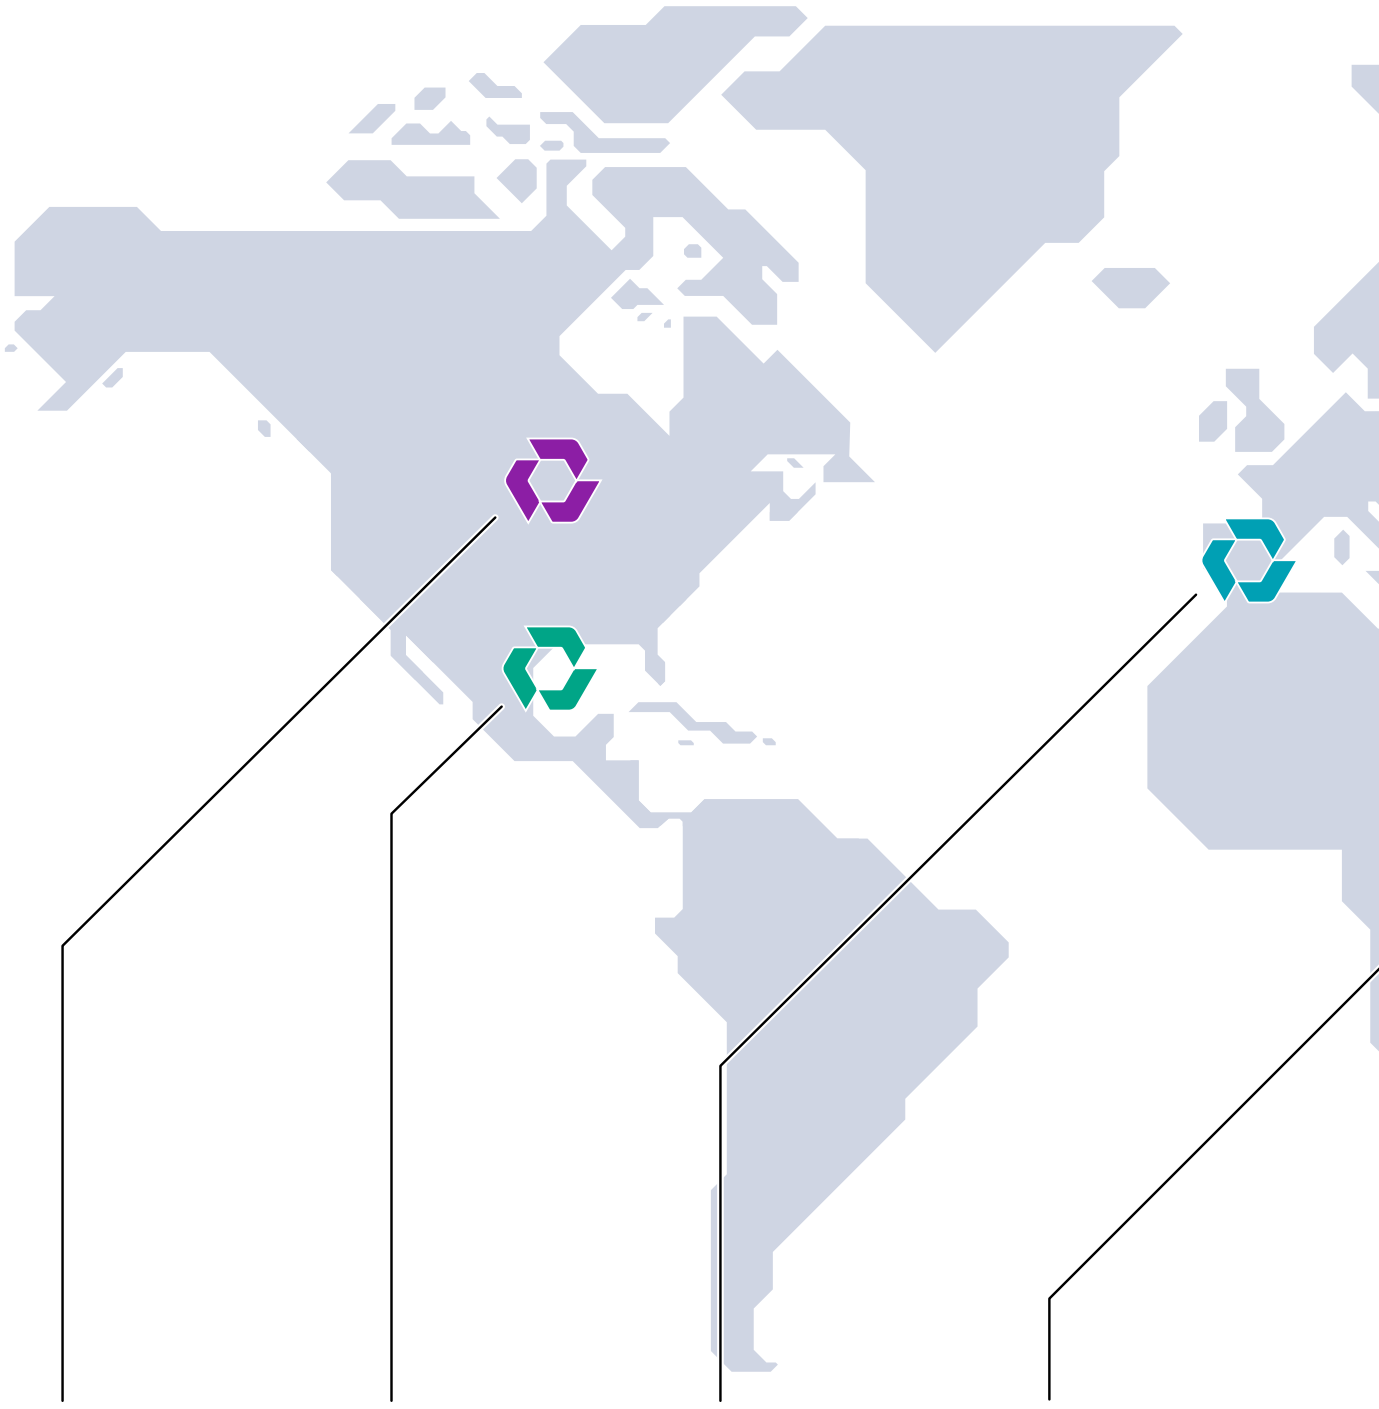

Thank you for being part of LOUPE Americas 2026. We look forward to a successful and inspiring event and to advancing our industry together.

Best regards,

Dale Coates

EDUCATION

LOUPE Americas 2026 features a two-day conference program. These sessions are located in the convention center in Rooms 12/13 and 14.

LOUPE GLOBAL AND LABELS & LABELING OFFICE

Information about LOUPE's global series of events and Labels & Labeling magazine is available in Hall C Booth 3800. Please come and meet the organizers of LOUPE and the publishers of Labels & Labeling.

PRESS OFFICE

The Press Office is located in Room 1. All journalists are welcome to enjoy amenities, including internet access, desks and catering. You must have a press badge to gain access.

WELLNESS AREAS

There are several relaxation areas across the show floor as well as a mindfulness room and prayer room situated in Rooms 4 and 5.

CONCESSIONS

There are a variety of dining options in the convention center open during show hours. Please refer to the floor plan for locations.

INTERNET ACCESS

WiFi access is available throughout the Donald E. Stephens Convention Center. Please connect to the Boingo Hotspot for free access.

MINORS

For safety and security reasons, no one under the age of 18 is permitted in the expo halls or conference rooms at the event apart from delegates attending with an educational institution. This applies to all visitors and personnel. No childcare services are available onsite.

CAMERA AND FILMING RESTRICTIONS

No cameras or video equipment will be permitted in the expo halls or conference rooms except for the office LOUPE Americas 2026 photographers and videographers or unless otherwise approved by LOUPE Americas 2026 show management.

SOLICITATIONS

Solicitations for orders by unauthorized people are strictly prohibited. Sales and promotional activities are restricted to exhibitors and must take place at their own booth.

TLMI Label Leaders of Tomorrow

Leaders Inspiring Flexo's Tomorrow

4:00 – 5:00pm | Spotlight Stage

Ready to make real connections, not just exchange LinkedIn requests? This meetup brings together emerging leaders from across the label, packaging, and printing industries, along with professionals from partner associations who are passionate about shaping the future of manufacturing and print. Enjoy complimentary snacks and beverages while participating in an interactive networking experience designed to make meeting new people easy and engaging.

INSIGHTS & EDUCATION

LOUPE AMERICAS 2026 CONFERENCE PROGRAM

TUESDAY, 15 SEPTEMBER – WEDNESDAY, 16 SEPTEMBER ● ROOMS 12/13 AND 14

The two-day education program at LOUPE Americas 2026 is a forward-looking experience for label and package printing professionals navigating a period of rapid transformation.

Each day features a keynote presentation, two tracks of breakout sessions that dive into the practical realities shaping converting businesses today, and a hands-on workshop.

Attendees must have an Education Pass to access these sessions. Upgrade to an Education Pass online or at the Registration Queries desk in the Registration area.

TUESDAY, 15 SEPTEMBER

MORNING KEYNOTE

10:00 – 10:45am

PACKAGING TRENDS THAT WILL DEFINE THE NEXT DECADE
ROOM 12/13

Consumer expectations, emerging technologies, sustainability demands and shifting retail environments are transforming packaging at an unprecedented pace. Drawing on global consumer and market research, this keynote explores the trends that will shape labels, flexible packaging and folding cartons over the next decade. From connected packaging and personalization to evolving sustainability priorities and changing purchasing behaviors, attendees will gain actionable insights into where the market is headed, and how converters and suppliers can position themselves to stay ahead.

Speaker

- Lauren Ryder, Associate Principal, Global Packaging, Mintel

TECH INNOVATIONS DRIVING THE FUTURE

11:00am – 12:00pm

RFID IN SMART & CONNECTED PACKAGING: FROM MARKET OUTLOOK TO REAL-WORLD APPLICATION (POWERED BY AIPIA)
ROOM 14

Explore the next phase of connected and intelligent packaging across labels, flexible packaging and cartons.

Speakers

- Catalina Steenbakkers, Team Lead Market Intelligence & Business Insights, AWA Alexander Watson Associates
- Jason Rambler, Marketing Director – Intelligent Labels, Avery Dennison
- Amir Khoshniyati, Vice President, Wiliot

12:00 – 12:30pm

RFID IN RETAIL: THE FOUNDATIONS OF A SUCCESSFUL DEPLOYMENT
ROOM 14

- Learn about RFID deployments in retail and how the RFID Lab supports these initiatives
- RFID use cases, performance benchmarking, compliance management, and RFID-enabled packaging

Speaker

- Matthew Russell, Managing Director of Retail, Auburn University RFID Lab

12:30 – 1:00 pm

HOW AI IS REWIRING PACKAGING MANUFACTURING WORKFLOWS
ROOM 14

- Rewiring packaging manufacturing
- New paradigms in production planning, quality control and supply chain integration

Moderator

- Steve De Benedetto, Business Development Manager, HiFlow Solutions

Speakers

- Jennifer Valentine, Director of Customer Service, Resource Label Group
- Aleks Zlatic, CEO & Founder, Aurum Intelligence Inc.

NEW FRONTIERS IN LABEL AND PACKAGING

11:00am – 12:00pm

CONVERTER PANEL: NAVIGATING GROWTH, CHANGE AND OPPORTUNITY

ROOM 12/13

- Workforce development and retention
- AI implementation
- Succession planning
- Capital expenditure in today's economic environment

Speakers

- Dale Coates, CEO & President, TLMI
- Thomas Dahbura, President, Hub Labels, Inc.
- Daniel Rosenbaum, Chief Executive Officer, NextGen Label Group
- Jay Parks, SVP Operations Packaging and Labels, RR Donnelley

12:00 – 12:30pm

BUILDING NEW OPPORTUNITIES IN FLEXIBLE PACKAGING

ROOM 12/13

- Key material structures
- Performance across different applications
- Converting processes behind pouch production

Speakers

- Efrén Ramírez, Director 305 Labels
- Mike Ferrari, President, Ferrari Innovation Solutions, LLC

12:30 – 1:00pm

BEYOND LABELS: UNLOCKING GROWTH THROUGH FLEXIBLE PACKAGING AND FOLDING CARTON OPPORTUNITIES

ROOM 12/13

- High-growth diversification opportunities: flexible package and in-line folding carton converting
- Strategic insights and technical fundamentals

Speakers

- Steven Haedrich, President, New York Label & Box Works
- David Totten, Director of Innovation, Nosco, Inc.

AFTERNOON WORKSHOP

2:00 – 4:00pm

AI IN ACTION: PRACTICAL IMPLEMENTATION FOR LABEL AND PACKAGING CONVERTERS

ROOM 12/13

This interactive workshop demystifies AI for label and packaging professionals, breaking down what it actually is, how it works, and where it can deliver real value. Participants will explore real-world applications of AI, whether its estimating, production scheduling, image quality control, inventory management or customer service. Through guided exercises and live demonstrations, attendees will learn how to identify high-impact use cases within their own operations, evaluate available tools and understand the data infrastructure required to support successful deployment.

Speaker

- Steve Metcalf, Co-Founder and CEO, Imagine AI Live

INSIGHTS & EDUCATION

WEDNESDAY, 16 SEPTEMBER

RISE & SHINE EMBELLISHMENT SESSIONS

POWERED BY AMPLIFY PRINT

ROOM 12/13

8:00 – 8:30am | **DIGITAL INK EMBELLISHMENTS – NEW TECHNOLOGY AND OPPORTUNITIES**

- New digital inkjet embellishments for roll-to-roll applications
- Discuss applications best for digital embellishments
- Future opportunities

Speakers

- Michael Aumann, Director of Sales, Business Area Industrial and Digital Embellishment, KURZ
- Michael Cox, Director of Category Strategy – Packaging and Labels, Konica Minolta
- Michael DeBard, President and Founder, DGM Digital Converting Machinery

8:30 – 9:00am | **HOT AND COLD FOIL FOR YOUR ROLL-TO-ROLL PRINT APPLICATIONS – ADVANTAGES AND SELECTING THE BEST PROCESS**

- Advantages and limitations of hot foil stamping and cold foil transfer
- Best applications for both processes
- New technologies and processes

Speakers

- Ross Hutchison, President, Universal Engraving, Inc.
- David Bales, Univacco Technology
- Gary Bibler, Creative Director, K Laser Technology

9:00 – 9:30am | **FOLDING CARTON GROWTH AND OPPORTUNITIES FOR PRINT AND EMBELLISHMENTS FOR ROLL-TO-ROLL APPLICATIONS**

- Discuss what applications fit best for roll-to-roll printing/embellishing of folding cartons versus sheet-fed
- Growth in foil and embellishment technologies for in-line and off-line applications
- Opportunities and technology for in-house folding/gluing
- New technologies in printing/embellishment processes

Speakers

- Ben Luly, Product Manager, Mark Andy
- Brett Stow, Owner, Absolute Printing Equipment Services

9:30 – 9:50am | **CAST AND CURE EMBELLISHMENT TECHNOLOGY – LABELS, CARTONS AND FLEXIBLE PACKAGING**

- Process of cat and cure embellishment
- Decorative opportunities for roll-to roll applications

Speakers

- Tim Cain, President and Founder, Breit Technologies LLC
- San Spah, Commerce Label, Inc.

MORNING KEYNOTE

10:00 – 11:00am | **MORNING KEYNOTE: TODAY'S MANUFACTURING REALITY**
ROOM 12/13

Manufacturing stands at a pivotal moment in North America, shaped by evolving trade policies, geopolitical instability, technological advancement, workforce transformation, and supply chain resilience demands. Keynote speakers will offer a broad look at the manufacturing sector, exploring the forces shaping the industry and what they mean for label manufacturers moving forward; and share the latest market statistics and data-driven insights, giving the audience a clear picture of where the industry stands right now.

Speakers

- Mark Denzler, President & CEO, Illinois Manufacturers' Association
- Corey Reardon, President & CEO, AWA Alexander Watson Associates

AFTERNOON WORKSHOP

2:00 – 3:30pm | **WOMEN IN FOCUS: CELEBRATING WOMEN'S PERSPECTIVES AND ACHIEVEMENTS**
ROOM 12/13

Join us for an engaging panel discussion focused on sharing knowledge, creating meaningful connections, and supporting one another. This session will explore important topics including career pathways and mentorship, community building and peer networks, personal branding and visibility, balancing work and life, and preparing future generations with essential skills. Discover valuable insights, exchange experiences, and learn strategies to empower yourself and others in your personal and professional journey.

This workshop is complimentary for all LOUPE Americas 2026 attendees

Speakers

- Maria Doughty, President & CEO, The Chicago Network
- Jessica Ashley Garmon, Chief Operating Officer & Chief General Counsel, The Will Group
- Jade Grace, Managing Director, LOUPE Global
- Kara Demirjian Huss, President & Founder, DCC Marketing
- Kristen Shields, President, Graymills Corporation

INSIGHTS & EDUCATION

STRATEGIC BUSINESS INTELLIGENCE

11:15am – 12:15pm | **AMBASSADOR FORUM: PERSPECTIVES FROM LABEL AND PACKAGING THOUGHT LEADERS** | **ROOM 14**

- Forward-looking perspective on where the industry is headed
- Markt trends, technology shifts, and customer expectation
- New opportunities for converters

Speakers

- Corey Reardon, President & CEO, AWA Alexander Watson Associates
- Steven Haedrich, President, New York Label & Box Works
- Tyler Matusevich, Director, Sustainability, Brook + Whittle
- Katie Harrington, Senior Manager, Marketing – Products & Services, Winpak Portion Packaging
- David Totten, Director of Innovation, Nosco, Inc,

12:15 – 12:45pm | **THE TALENT LANDSCAPE: NAVIGATING TODAY'S LABOR MARKET** | **ROOM 14**

- Current labor market dynamics
- Strategies for building workforce capabilities

Speakers

- Claudia St. John, Founder and CEO, The Workplace Advisors
- Carrie Aaron, General Manager, Hub Labels, Inc.

12:45 – 1:15pm | **INSIDE M&A ACTIVITY IN THE LABEL MARKET** | **ROOM 14**

- Latest M&A trends in North Americas
- Learn what buyers are looking for and how deals are changing operational strategy

Speaker

- Thomas Blaige, Chairman & CEO, Blaige and Company

FUTURE-READY SOLUTIONS

11:15 – 12:15pm | **A GUIDE TO GS1 SUNRISE 2027 COMPLIANCE** | **ROOM 12/13**

- Global transition from 1D UPC barcodes to 2D data-rich codes by 2027
- Critical compliance and implementation decisions for brands, converters, and retailers
- Essential guidance for successful transition preparation

Speaker

- Michael Manley, Head of Implementation, Amazon

12:15 – 12:45pm | **BUILDING A SUCCESSION PLAN THAT SECURES YOUR COMPANY'S FUTURE** | **ROOM 12/13**

- Family transition, management buyout, private equity investment, external sale
- Understand how decisions made today define the company's stability, culture and value tomorrow

Speaker

- Brian Van de Water. Founder & CEO, SPL Consulting, LLC

12:45 – 1:15pm | **COLLABORATING THROUGH EPR: HOW SUPPLIERS CAN WIN WITH BRANDS** | **ROOM 12/13**

- Turn EPR compliance into an opportunity to win the market
- Meet evolving regulations
- Manage EPR financial exposure

Speaker

- Karen Weinstein, Founder, Sustainable Packaging & Recycling Consultant, Recykleap

High Performance Non-Stop Splicing, Rewinding and Tension Control Systems

SUSTAINABLE LABELING

BENEFITS OF IPX105 – CLEANSORT IML

- For white, light or natural bottles/containers
- Labels are liberated during recycling process
- Improved quality of PCR
- PCR: Increases supply, enhances quality & expands demand
- Terrific shelf-appeal
- Improves economics for plastics reclaimers
- Eliminates solid waste b/c no liner
- Most durable labeling method
- Simplifies the manufacturing process
- Saves time & warehouse space
- RecyClass approval

SUSTAINABILITY

SUPPORT OUR COMMITMENT TO SUSTAINABILITY

- Consolidate your total business travel by making the most of your time at LOUPE Americas.
- Save yourself traveling to meet individual companies by arranging to meet them all at LOUPE Americas. This helps reduce costs and your carbon footprint.
- Walk or use public transport to travel to and from the convention center.
- Recycle your waste onsite in dedicated bins.
- Avoid food waste.
- Scan your badge at exhibitor touchpoints to receive digital material rather than printed brochures.
- Let us know whether your business already offsets the cost of your travel.
- Support local businesses, including restaurants, shops and bars close to the venue.

Scan for more information about sustainability at LOUPE Americas 2026:

REVISION NET
SYSTEM

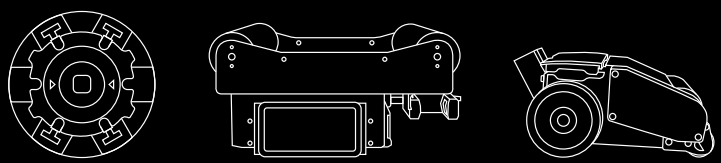

LOUPE

CERM

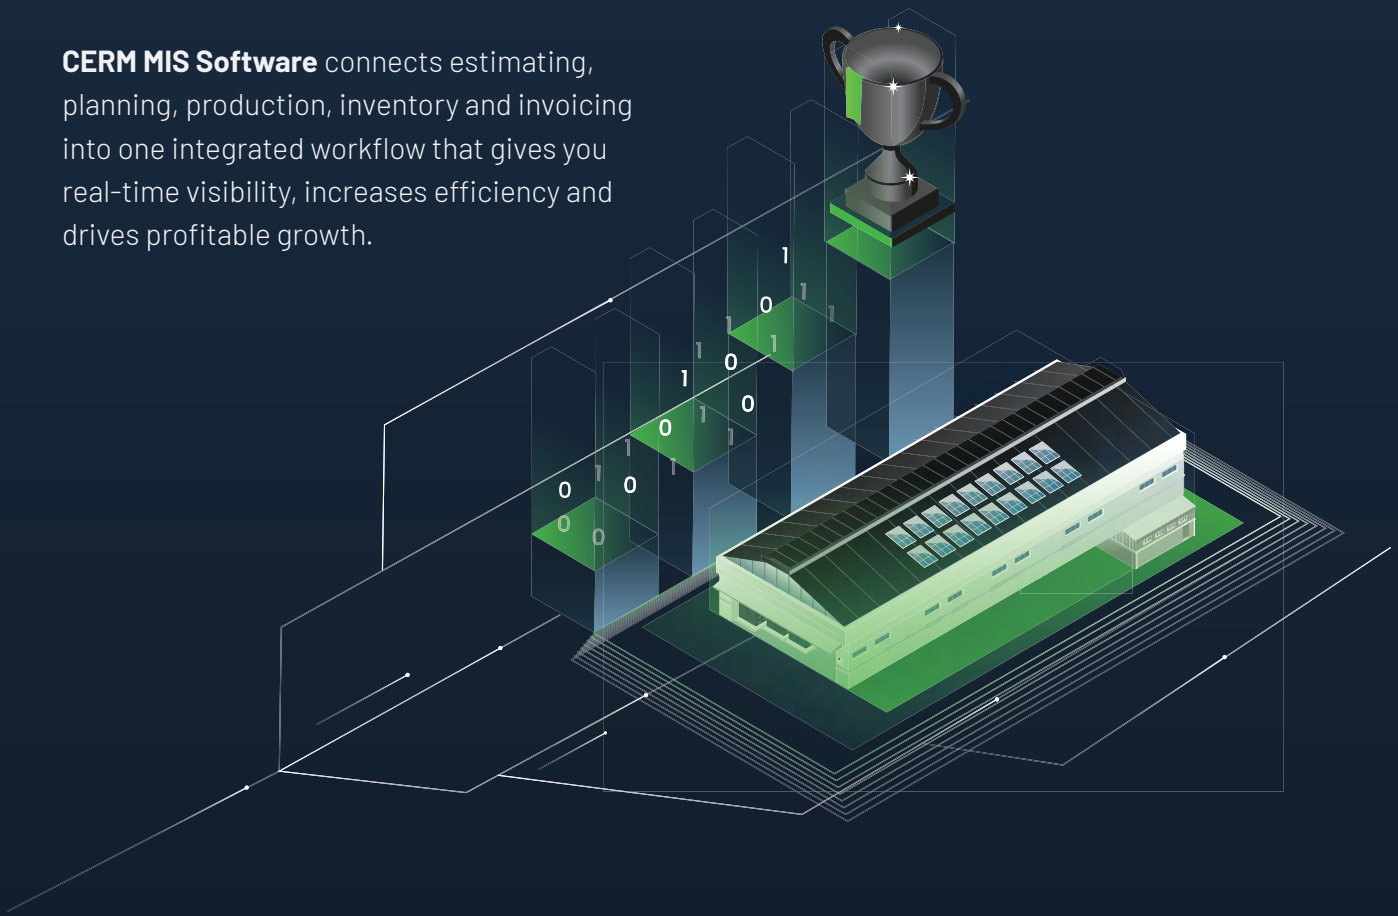

MIS Software for
Labels & Packaging

LOUPE Americas
formerly Labelexpo

Hall B, Booth #3419

Evolve into the print business of the future with CERM MIS Software

CERM MIS Software connects estimating, planning, production, inventory and invoicing into one integrated workflow that gives you real-time visibility, increases efficiency and drives profitable growth.

+500
CUSTOMERS
Trusted by leading label and packaging converters worldwide.

+50
INTEGRATIONS
Seamlessly connected with best-in-class technology partners.

100%
FOCUSED
100% dedicated to the label and packaging industry.

Meet us at LOUPE Americas 2026
September 15-17, 2026

Scan to see all our latest updates!

LABELS & LABELING
GLOBAL AWARDS
15 SEPTEMBER 2026 • CHICAGO

Celebrate with us at the Labels & Labeling Global Awards 2026!

Join us as we unveil the winners in **Innovation, Sustainability (converter and supplier), Future Leader and Converter of the Year**, during a ceremony on the opening day of Loupe Americas 2026. Industry leaders, visionaries and trailblazers will come together to honor the best of the best, closing with an unforgettable reception featuring delicious food and refreshing drinks. Network, celebrate and toast the evening's success in style.

2026 categories:

Future Leader

Innovation Award

Converter of the Year

Sustainability Award (converter and supplier)

See you there!

Where:
Spotlight Stage at Loupe Americas 2026

When:
Tuesday 15 September at 4pm

LABEL ACADEMY

RFID FUNDAMENTALS

For the label converter, RFID represents a significant opportunity in this digital and connected era. As RFID adoption accelerates, converters, suppliers and brand owners are seeking a deeper understanding of the technology, how it's produced and how it can deliver measurable business value.

The brand-new illustrated **RFID Fundamentals book** is a practical resource for those involved in this dynamic and exciting territory. Whether exploring RFID as a new business opportunity or looking to expand existing knowledge, readers will find this book designed to help them understand the fundamentals, explore the technology, and identify areas for growth.

The chapters in this book explore:

- + RFID deployment
- + Specifying an RFID label
- + Manufacturing RFID labels
- + Encoding RFID labels
- + Quality control
- + Systems integrators

How ELSCAN OMS5 sets a new benchmark in digital web monitoring

In modern label and print production, manufacturers face increasing demands for higher production speeds, tighter quality tolerances, and lower waste. To meet these requirements, operators must detect register deviations, color variations, and print defects as early as possible without interrupting production.

The ELSCAN system: Digital web monitoring for higher quality and productivity

The ELSCAN web monitoring system from Erhardt+Leimer supports these goals by providing continuous, high-resolution monitoring of moving webs throughout the entire production process. Critical print features such as register marks, color bars, and other quality-relevant areas are displayed in real time, allowing operators to identify deviations early and maintain stable production. A core feature of the platform is the proven “dualView” technology, which combines a wide-angle and a telephoto camera. The system automatically switches between the two cameras depending on the zoom level, enabling smooth, nearly lag-free zooming while preserving excellent image quality even when displaying the image at many times the original resolution.

ELSCAN OMS5: Premium features for advanced quality control

The ELSCAN OMS5 is the premium version of the ELSCAN system with high-resolution imaging and intelligent software, designed for demanding print applications. Its two 18-megapixel cameras deliver highly detailed images, while an optimized lighting concept with an additional varnish flash supports reliable inspection of coatings. Even gold and silver foils remain visible in true color for accurate quality assessment.

An extensive software package helps operators monitor print quality more efficiently. Features such as automatic scanning, a 100% repeat overview, image stabilization, and master image comparison simplify inspection and enable quick detection of even the smallest production changes. The integrated DeltaE color comparison supports objective inline color monitoring by detecting even minimal color deviations, while image stabilization ensures that the correct color area is analyzed if slip or web elongation occurs. A setup wizard and remote maintenance capabilities further simplify installation and service.

By combining high image quality with intelligent inspection tools, the ELSCAN OMS5 helps manufacturers improve consistent print quality, reduce waste, and increase production efficiency.

RECOGNITION THAT WORKS FOR YOUR BUSINESS

Two Award Programs. One Opportunity to Strengthen Your Position in the Market.

Your team is already producing exceptional work. The question is, are you putting it to work for your business?

TLMI Printing Excellence Awards

Turn your best labels into a competitive advantage. Gain third-party validation that strengthens credibility, builds customer trust, and differentiates your business in a crowded market.

Calvin Frost Sustainability Leadership Awards

Showcase your commitment to sustainability and responsible growth. Demonstrate measurable progress and leadership in an area your customers and the industry—are watching closely.

Why Participate?

- Stand out with credible, third-party recognition
- Build trust with customers and partners
- Strengthen your business for the long term

This isn't about trophies. It's about how your business shows up—today and in the future.

VISIT TLMI.COM TO SUBMIT YOUR ENTRIES TODAY

DEADLINES: PRINT AWARDS: 7/15 | CALVIN FROST SUSTAINABILITY LEADERSHIP AWARDS: 8/10

SAVE THE DATE

OCTOBER 25-27

TLMI ANNUAL MEETING '26

FORT LAUDERDALE, FL | OCT 25-27

The Event You Can't Afford to Miss

Following one of the most successful Annual Meetings in TLMI history, 2026 is set to raise the bar even higher.

MORE INTENTIONAL NETWORKING

These aren't just connections; they are conversations that lead to smarter decisions, stronger partnerships, and better business outcomes.

CONTENT THAT MATTERS

Focused on what is happening now, and what is next. Expect relevant, actionable insights designed for today's challenges and tomorrow's opportunities.

BUILDING ON LAST YEAR'S RECORD-BREAKING SUCCESS.

Fall calendars fill up fast, but this is one event designed to deliver real value at every level of your business.

Until then catch us and fellow TLMI members at the inaugural LOUPE Americas September 15-17, 2026 Rosemont, IL

SMARTPRESS

LABEL | LABEL + FILM | LABEL + SHRINK

The press you need. Configured for what you run. On your production floor. ***Delivered in 8 weeks.***

The SmartPress Program brings Mark Andy's engineering expertise into a set of production-ready configurations that cut delivery time in half, from sixteen weeks to eight. Choose Label, Label + Film, or Label + Shrink, then add optional packages to match your production needs.

Invest with confidence knowing you're starting with a proven configuration that's production ready. Each model is engineered specifically for its jobs, minimizing setup complexity and maximizing performance right out of the gate.

It's a faster path to production and a faster path to ROI, without giving up the flexibility you expect from Mark Andy.

"The technologies we're bringing to Chicago reflect our broader commitment to helping customers strengthen every part of their operation, from flexo and digital production to finishing, supplies, and pressroom support."

Duane Pekar, CEO of Mark Andy.

LOUPE Americas
formerly Labelexpo

Visit Mark Andy at LOUPE Americas
Explore solutions designed to help converters improve productivity across every part of the pressroom.

Performance Series S9: High-speed flexo for labels, film, shrink sleeves, light cartons, and mid-web applications.

Digital Series HD HighSpeed 1200: Production-level digital hybrid performance at speeds up to 480 fpm.

Rotoflex VLI-440: Inspection, slitting, and rewinding for film and tension-sensitive materials.

SupplySmart: Scan-and-go inventory visibility and smarter consumables replenishment.

Digital Pro MAX: Scalable toner-based digital printing with hybrid flexibility, low cost to print, and simple operation.

pantec

Adding value to packaging

If you would like to offer your customers more than 'just a printed label' and make their products stand out on the shelf, think embellishment.

Pantec offers a range of embellishment systems and supports you with process know-how and its industrial network.

GLOBAL LEADER IN FLEXO & COMBINATION PRINTING PRESSES
FOR LABELS, FLEXIBLE PACKAGING & SPECIAL APPLICATIONS

60 YEARS OF PASSION FOR INNOVATION

PRINTING.OMET.COM

OMET

PPG TESLIN® face stock

A more sustainable world starts with less

PPG TESLIN® face stock contains up to 60% less plastic compared to other synthetics.

Sustainable change can come from small steps. With less plastic entering waste streams and less CO_2 emissions entering the atmosphere, our PPG TESLIN® face stock is one step you can take towards your sustainability goals while offering a solution that gives you the versatility and durability you need for demanding label applications. This is one simple way we're helping to "Protect and Beautify®" our world.

Request free samples at teslin.com/sustainability

Reducing Our Footprint

Up to **60% less plastic***

4.5 fewer metric tonnes of plastic entering the economy

Up to **15 fewer metric tonnes** of CO_2 emissions

1 MM A4-sized sheets of 7 mil *Teslin* substrate compared to 4 mil PET film.

*compared to other synthetics

© 2026 PPG Industries, Inc. All Rights Reserved.
Teslin, the *PPG Logo* and *Protect and Beautify* are registered trademarks of PPG Industries Ohio, Inc.

PPG We protect and beautify the world™

SOMETHING NEW is coming for label converters looking to balance performance and sustainability.

Visit PPG at LOUPE Americas #5919 to learn more.

Experts in Enhancement

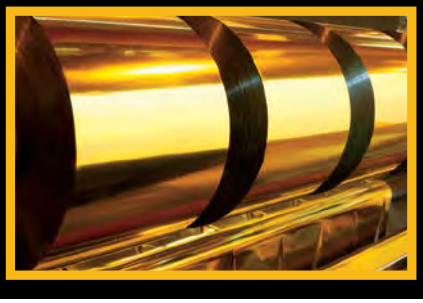

Great foil stamping and embossing doesn't happen by chance — it happens because the right tools and materials are in the right hands. Our engraved die companies and foil supply companies make sure those hands never settle for less than the best.

Our engraved die companies deliver innovative products, creative solutions, artistic perfection, unrivaled precision, and proven performance. Our foil companies are trusted across the industry for the most sought-after foil shades and grades that perform reliably — available for hot, cold, and digital applications.

With decades of expertise, we've built a family of industry-leading companies that set the global standard — empowering our customers to achieve results that captivate, impress, and endure.

Experience the difference a legacy makes- partner with a UEI® Group-owned company.

LABEL ACADEMY

INKS, COATINGS AND VARNISHES

For the converter, a clear understanding of the performance characteristics, handling and storage of inks and coatings is essential in today's legislation-drive label production process.

Inks, Coatings and Varnishes sets out to explain the entire inks and coatings value chain, from ink manufacture to the chemical properties of different ink systems, how they are dried or cured, and how inks and coatings are specified for different end use performance requirements. It is an essential resource for anyone involved in the label converting market.

The chapters in this book look at:

+ Ink systems and chemistries
+ Drying and curing systems
+ Proofing and testing procedures
+ Impact of legislation
+ Surface treatment and ink adhesion

Also in the series:
