WELCOME

Dear Visitor,

It is my great pleasure to welcome you to the vibrant business festival that is Labelexpo Europe 2025! As we make our Barcelona debut, we're not just changing location, we're transforming the entire experience to evolve with our global label and package printing industry.

The move marks a historic milestone after more than four decades in Brussels. This strategic relocation reflects our industry's dynamic evolution and provides the perfect backdrop for our expanded vision. Already 15 percent larger than our 2023 edition, this year's show pulses with innovation, sustainability, and creativity across eight interconnected halls spanning 240,000 sqm.

A significant highlight of our 2025 edition is the enhanced focus of folding cartons alongside labels and flexible packaging. This expansion represents the natural convergence happening throughout our industry with Labelexpo Europe touching the complete spectrum of the industry: around one fifth of all Labelexpo Europe 2025 exhibitors already supply a wide range of products to the folding carton industry and over 25 percent of existing exhibitors have portfolios that reach across labels, flexible packaging and folding cartons this year.

Our feature areas have been thoughtfully designed to address the industry's most pressing challenges. The Pulse, is carefully crafted to stimulate learning, engagement and connections with a program highlighting the industry's current innovation trends. It includes a daily keynote and other presentations throughout the four days of the event covering automation, flexible packaging, folding cartons and sustainability, including the PPWR (Packaging and Packaging Waste Regulation) and its implications.

Education remains central to our mission, with the Label Academy hosting specialized master classes on folding cartons for label converters, RFID technology integration, and automation in label production, providing invaluable opportunities to expand expertise and stay ahead of industry trends.

There's also the opportunity to complement your industry knowledge with Labels & Labeling's in-depth coverage - our trusted industry publication is available throughout the event near show guides, the media center, Labelexpo Global Series Stand and press office.

The festival atmosphere extends beyond the exhibition halls with our spectacular Festa Barcelona event. On 16 September, Time Out Market Barcelona will transform into the industry's ultimate gathering spot, blending music, cuisine, and networking in one vibrant celebration.

I invite you to join us as we write the next chapter of our industry's story together in beautiful Barcelona. Labelexpo Europe 2025 is more than a trade show; it's a celebration of innovation, collaboration, and the bright future of the labels and package printing industry.

Thank you for joining us in our new chapter. A heartfelt thank you to our exhibitors, partners, media and associations, especially FINAT.

Enjoy the show!

JADE GRACE

Managing Director, Labelexpo Global Series

Dear Visitor,

On behalf of FINAT, the European association for the label industry, I warmly welcome you to Labelexpo Europe 2025.

According to our records, this is the 20th edition of Labelexpo Europe since the show first landed in Brussels 40 years ago. As the proud partner of this event since 1991, FINAT has had the privilege of witnessing its transformation—from a regional trade fair focused on the rapidly growing European label industry, into the world's largest global platform for labels and narrow-web packaging technologies.

With this year's relocation to the brand-new Fira Gran Via, a new chapter begins. This modern venue not only offers state-of-the-art facilities and a refreshed layout, but also brings a new Mediterranean flavour to the Labelexpo experience. While we bid farewell to the trusted halls of Brussels, we embrace this exciting change with the same enthusiasm and spirit that have defined the event for four decades.

In an increasingly complex and fragmented global market, the need for a central meeting place—where professionals can connect, exchange knowledge, and explore innovations—remains as vital as ever. Since 1985, the label industry has been working in two-year cycles, and Labelexpo Europe has consistently served as a biennial moment of reflection, progress, and inspiration.

This 2025 edition is no exception. With over 640 exhibitors

from nearly 140 countries and more than 35,000 visitors expected, the show continues to break records and reaffirm its relevance. It's a unique opportunity to see how our industry is responding to global challenges through creativity, resilience, and technological advancement.

Much like moving house, we are all eager to explore this new "home"—its layout, its energy, its comforts. Yet amidst all the changes, the most important element remains unchanged: the vibrant global label community that gathers here to learn, grow, and celebrate together.

And yes, no move would be complete without a proper housewarming party!

At FINAT, we are proud to be part of this new journey. I warmly invite you to visit our stand in Hall 4 (E49) to learn more about our current initiatives, and to discover how you, as part of the international label community, can help drive our industry forward.

I wish you an inspiring, productive, and successful show.

Warm regards,

BIENVENUE

Cher visiteur,

C'est pour moi un grand plaisir de vous accueillir à la plus dynamique des foires commerciales qui n'est autre que Labelexpo Europe 2025 ! Organisée pour la première fois à Barcelone, ce sera une toute nouvelle expérience à vivre pour toute l'industrie de l'impression d'étiquettes et d'emballages.

Cette nouvelle destination marque une étape historique après plus de quatre décennies de présence à Bruxelles. Cet endroit stratégique reflète l'évolution de notre industrie dynamique et offre le cadre parfait pour que notre vision puisse s'étendre. Déjà 15 pour cent plus grand que notre édition de 2023, le salon de cette année respire l'innovation, la durabilité, et la créativité au travers de huit halls interconnectés répartis sur 240 000m².

Point fort de notre édition de 2025, l'accent renforcé sur les cartons pliables ainsi que sur les étiquettes et emballages flexibles. Cette expansion représente la convergence de toute notre industrie, avec Labelexpo Europe couvrant le spectre de l'industrie tout entier : environ 1/5 de tous les exposants de Labelexpo Europe 2025 fournissent déjà un large éventail de produits à l'industrie des cartons pliables et plus de 25 pour cent des exposants présents détiennent un portefeuille multiligne étiquettes, emballages flexibles et cartons pliables cette année.

Les sujets abordés ont été soigneusement sélectionnés pour répondre aux défis les plus importants de l'industrie. The Pulse est une zone dédiée à la stimulation de l'apprentissage, de l'engagement et des interactions, grâce à un programme mettant en lumière les tendances actuelles de l'industrie en matière d'innovation. The Pulse offre une présentation keynote quotidienne et de multiples présentations au cours des quatre jours de l'événement, axées sur l'automatisation, les emballages flexibles, cartons pliables et la durabilité, notamment le PPWR (Règlement européen sur les emballages et les déchets d'emballages) et ses enjeux.

L'éducation demeure au cœur de notre mission, avec la Label Academy qui propose des masterclasses spécialisées sur les cartons pliables, l'intégration de la technologie RFID, et l'automatisation de la production d'étiquettes, et offre des opportunités uniques visant à approfondir votre expertise et à vous permettre de rester au-devant des tendances de l'industrie.

Vous aurez également l'occasion d'affiner vos connaissances de l'industrie grâce aux analyses en profondeur de Labels & Labeling, notre magazine spécialisé disponible tout au long de l'événement à proximité des guides, du centre médiatique, du stand Labelexpo Global Series et du bureau de presse.

L'ambiance du festival va bien au-delà de ses halls d'exposition, avec notre spectaculaire événement Festa Barcelona. Le 16 septembre, Time Out Market Barcelona se transformera en lieu de rassemblement ultime des acteurs de l'industrie, avec un mélange de musique, cuisine, et networking dans un cadre véritablement effervescent.

Je vous invite à nous rejoindre alors que nous rejoindre pour écrire ensemble le prochain chapitre de l'histoire de notre industrie dans la magnifique ville de Barcelone. Labelexpo Europe 2025 est bien plus qu'un simple salon commercial, c'est une célébration de l'innovation, de la collaboration, et de l'avenir prometteur pour l'industrie de l'étiquette et emballage.

Merci de vous joindre à nous pour ce tout nouveau chapitre. Et un grand merci à nos exposants, partenaires, médias et associations, en particulier à la FINAT.

Très bon salon à tous!

JADE GRACE

Directrice générale, Labelexpo Global Series

Cher visiteur,

Au nom de la FINAT, l'association européenne de l'industrie des étiquettes, j'ai le plaisir de vous accueillir chaleureusement à Labelexpo Europe 2025.

Selon nos archives, il s'agit de la 20ème édition de Labelexpo Europe depuis le lancement du salon à Bruxelles il y a 40 ans. En tant que partenaire privilégié de cet événement depuis 1991, la FINAT a eu le privilège d'assister à sa transformation— d'un salon commercial régional dédié à l'industrie de l'étiquetage en plein essor en Europe, à la plus grande plateforme au monde des technologies d'étiquetage et d'emballage.

Avec la nouvelle destination de Fira Gran Via cette année, c'est un nouveau chapitre qui s'ouvre. Ce lieu moderne offre, non seulement des installations ultra-modernes, mais aussi une configuration nouvelle, et un nouveau cadre plus méditerranéen à Labelexpo. Alors que nous disons adieu à nos quartiers bruxellois, nous accueillons ce changement exaltant avec le même enthousiasme qui accompagne notre événement depuis quatre décennies.

Dans un marché mondial toujours plus complexe et fragmenté, le besoin d'un lieu de rassemblement—où les professionnels peuvent interagir, échanger leurs connaissances, et découvrir de nouvelles innovations— reste un élément vital. Depuis 1985, l'industrie de l'étiquetage fonctionne sur un cycle de deux ans, et Labelexpo Europe demeure cette opportunité biennale de réflexion, progrès, et inspiration.

L'édition de 2025 n'y fait pas exception. Avec plus de 640 exposants en provenance de presque 140 pays et plus de 35

000 visiteurs attendus, le salon continue de battre des records et de réaffirmer sa pertinence. C'est une opportunité unique de découvrir comment notre industrie répond aux défis mondiaux grâce à la créativité, la résilience, et aux avancées technologiques.

Tout comme une famille qui déménage, nous sommes tous impatients d'explorer cette nouvelle "maison"—sa configuration, son énergie, et son confort. Cependant, parmi tous ces changements, l'élément le plus important reste inchangé : la communauté dynamique des acteurs de l'industrie mondiale de l'étiquetage qui se retrouve pour apprendre, grandir, et célébrer, ensemble. Et oui, aucun déménagement ne serait complet sans une pendaïson de crémaillère réussie !

À la FINAT, nous sommes fiers de faire partie de cette nouvelle expérience. Je vous invite chaleureusement à nous retrouver à notre stand au Hall 4 (E49) pour en apprendre plus sur nos initiatives actuelles, et pour découvrir comment vous, en tant qu'acteur de la communauté internationale de l'étiquetage, pouvez contribuer au développement de notre industrie.

Je vous souhaite de passer un moment inspirant, productif et réussi.

Bien à vous,

PHILIPPE VOET

HERZLICH WILLKOMMEN

Lieber Besucher, liebe Besucherin,

Es ist mir eine außerordentliche Freude, Sie heute zu unserem dynamischen Business-Festival, der Labelexpo Europe 2025, begrüßen zu dürfen! Mit unserem Debüt in Barcelona hat sich nicht nur unser Standort verändert – wir transformieren das gesamte Besuchererlebnis im Einklang mit den Entwicklungen in unserer globalen Etiketten- und Verpackungsdruckbranche. Nach über vier Jahrzehnten in Brüssel stellt dieser strategische Umzug einen Meilenstein in unserer Geschichte dar. Er spiegelt die umfassende Evolution unserer Branche wider und stellt einen perfekten Hintergrund für unsere breitere Vision. Die diesjährige Messe ist im Vergleich zu 2023 bereits um 15% gewachsen und erwartet Sie mit Innovationen, Nachhaltigkeit und kreativen Lösungen auf 240.000 Quadratmeter in acht miteinander verbundenen Hallen.

Ein wichtiges Highlight der diesjährigen Veranstaltung ist der verstärkte Fokus auf Faltschachteln neben dem Etiketten- und Verpackungsdruck. Diese Erweiterung zeugt von der natürlichen Konvergenz, die wir in unserer Branche sehen. Mit der Labelexpo Europe richten wir uns zudem an das gesamte Spektrum der Branche: Rund ein Fünftel aller Aussteller bei der Labelexpo Europe 2025 stellt bereits eine große Auswahl an Produkten für die Faltschachtelindustrie bereit und über 25% unserer bestehenden Aussteller verfügen dieses Jahr über Portfolios, die Etikettendruck, flexible Verpackungslösungen und Faltschachteln umfassen.

Unsere Feature-Bereiche wurden mit viel Sorgfalt rund um die dringlichsten Herausforderungen in unserer Branche gestaltet. Im Bereich The Pulse werden Lernen, Interaktionen und Verbindungen mit einem Programm angeregt, das die aktuellen Innovationstrends unserer Branche aufzeigt. Es bietet an allen vier Eventtagen eine tägliche Keynote-Rede sowie weitere Präsentationen zu den Themen Automatisierung, flexible Verpackungen, Faltschachteln und Nachhaltigkeit, darunter auch die EU-Verordnung über Verpackungen und Verpackungsabfälle (PPWR) und ihre Auswirkungen.

Die Weiterbildung bleibt ein zentrales Element unserer Zielsetzung.

Deshalb werden in der Label Academy spezialisierte Meisterkurse zu den Themen Faltschachteln für Etikettenkonvertierer, RFID-Technologie und -Integration sowie die Automatisierung bei der Etikettenherstellung geboten, bei denen Sie die wertvolle Gelegenheit erhalten, Ihr Wissen zu erweitern und den Branchentrends einen Schritt voraus zu bleiben.

Außerdem haben Sie hier die Chance, Ihre Branchenkenntnisse mithilfe der tiefgreifenden Berichterstattung von Labels & Labeling aufzufrischen – unsere Fachzeitschrift finden Sie während des gesamten Events in der Nähe von Informationsständen, beim Medienzentrum, beim Stand Labelexpo Global Series sowie im Pressebüro.

Die feierliche Atmosphäre reicht jedoch auch über die Messehallen hinaus bis zu unserem spektakulären Event Festa Barcelona. Am 16. September verwandelt sich der Time Out Market Barcelona in den ultimativen Treffpunkt unserer Branche, der Musik, Gastronomie und Networking in einem farbenfrohen Freudenfest vereint.

Ich lade Sie herzlich dazu ein, im schönen Barcelona gemeinsam mit uns das nächste Kapitel unserer Branche zu schreiben.

Die Labelexpo Europe 2025 ist weitaus mehr als eine Fachmesse: Sie zelebriert die Innovationen, Kollaborationen sowie die vielversprechende Zukunft der Etiketten- und Verpackungsdruckbranche.

Danke, dass Sie dieses neue Kapitel gemeinsam mit uns aufschlagen. Ein herzliches Dankeschön auch an unsere Aussteller, Partner, Medienpartner und Verbände, vor allem an die FINAT.

Viel Spaß bei der Messe!

JADE GRACE

Geschäftsführerin, Labelexpo Global Series

Lieber Besucher, liebe Besucherin,

Im Namen der FINAT, des europäischen Verbands für die Etikettenbranche, heiße ich Sie recht herzlich bei der Labelexpo Europe 2025 willkommen.

Laut unseren Aufzeichnungen ist dies die 20. Auflage der Labelexpo Europe, die vor über 40 Jahren in Brüssel ihre erste Messe abgehalten hat. Als stolzer Partner des Events hat die FINAT seit 1991 das Privileg, ihre Transformation von einer regionalen Handelsmesse mit einem Fokus auf die schnell wachsende europäische Etikettenbranche in die weltweit größte Plattform für Etiketten und Schmalbahn-Verpackungstechnologien zu begleiten.

Mit dem diesjährigen Umzug in das brandneue Kongresszentrum Fira Gran Via beginnt ein neues Kapitel. Dieser Standort bietet nicht nur topmoderne Einrichtungen und ein frisches Layout, sondern verleiht dem Labelexpo-Erlebnis auch eine mediterrane Note. Während wir uns von den vertrauten Hallen in Brüssel verabschieden, begrüßen wir diese Veränderung mit derselben Begeisterung, die dieses Event seit vier Jahrzehnten auszeichnet.

Im globalen Marktgeschehen, das sich zunehmend komplex und fragmentiert gestaltet, ist die Anforderung nach einem zentralen Treffpunkt, an dem sich Fachkräfte vernetzen, Wissen austauschen und Innovationen erkunden können, wichtiger denn je. Seit 1985 arbeitet die Etikettenbranche in Zwei-Jahres-Zyklen und die Labelexpo Europe hat uns alle zwei Jahre die Möglichkeit geboten, sich zu besinnen, Fortschritte zu entdecken und Inspirationen zu holen.

Da bildet auch die diesjährige Veranstaltung keine Ausnahme. Mit über 640 Ausstellern aus beinahe 140 Ländern und über

35.000 erwarteten Besuchern bricht diese Messe weiterhin Rekorde und zementiert ihre Relevanz. Sie bietet eine einzigartige Gelegenheit, in Erfahrung zu bringen, wie unsere Branche mit Kreativität, Resilienz und technologischen Fortschritten auf globale Herausforderungen reagiert.

Wie bei jedem Umzug sind wir bereits alle neugierig darauf, dieses neue „Zuhause“ kennenzulernen und uns mit seinem Layout, seiner Energie und seinen Vorzügen vertraut zu machen. Neben allen Veränderungen bleibt das Wichtigste jedoch gleich: Die dynamische globale Etiketten-Gemeinschaft, die hier zusammenkommt, um gemeinsam zu lernen, zu wachsen und zu feiern. Natürlich wäre kein Umzug komplett ohne eine ordentliche Einweihungsfeier!

Wir bei FINAT sind stolz darauf, Teil dieser neuen Reise zu sein. Ich lade Sie herzlich dazu ein, unseren Stand in Halle 4 (E49) zu besuchen, um mehr über unsere aktuellen Initiativen zu erfahren und zu entdecken, wie Sie als Teil der internationalen Etiketten-Gemeinschaft dazu beitragen können, unserer Branche zum Erfolg zu verhelfen.

Ich wünsche Ihnen eine inspirierende, produktive und erfolgreiche Messe.

Mit besten Grüßen,

PHILIPPE VOET

Präsident, FINAT

WELKOM

Beste bezoeker,

Het is mij een groot genoegen u te mogen verwelkomen op het bruisende zakelijke festival Labelexpo Europe 2025! Met ons debuut in Barcelona veranderen we niet alleen van locatie, maar transformeren we de hele ervaring om mee te evolueren met onze wereldwijde industrie van label- en verpakingsdrukkerij. Deze stap markeert een historische mijlpaal na meer dan vier decennia in Brussel. De strategische verhuizing weerspiegelt de dynamische evolutie van onze sector en biedt het perfecte decor voor onze uitgebreide visie. De beurs is al 15 procent groter dan de editie van 2023 en bruijt van innovatie, duurzaamheid en creativiteit in acht onderling verbonden hallen met een totale oppervlakte van 240.000 m².

Een belangrijk hoogtepunt van onze editie van 2025 is de grotere aandacht voor vouwdozen, naast labels en flexibele verpakkingen. Deze uitbreiding weerspiegelt de natuurlijke convergentie die zich in onze hele sector voltrekt, waarbij Labelexpo Europe het volledige spectrum van de sector bestrijkt: ongeveer een vijfde van alle exposanten op Labelexpo Europe 2025 levert al een breed scala aan producten aan de vouwdozen-industrie en meer dan 25 procent van de bestaande exposanten heeft dit jaar een portfolio dat zowel labels, flexibele verpakkingen als vouwdozen omvat.

Onze speciale zones zijn met veel aandacht ontworpen om de meest urgente uitdagingen van de sector onder de aandacht te brengen. The Pulse is zorgvuldig samengesteld om leren, betrokkenheid en contacten te stimuleren met een programma dat de huidige innovatietrends in de sector belicht. Het omvat een dagelijkse keynote en andere presentaties gedurende de vier dagen van het evenement over automatisering, flexibele verpakkingen, vouwdozen en duurzaamheid, inclusief de PPWR (verordening inzake verpakkingen en verpakingsafval) en de implicaties daarvan.

Onderwijs blijft centraal staan in onze missie. De Label Academy organiseert gespecialiseerde masterclasses over vouwdozen voor labelconverters, RFID-technologie-integratie en automatisering in de labelproductie. Deze masterclasses bieden waardevolle mogelijkheden om uw expertise uit te breiden en voorop te blijven lopen op het gebied van trends in de sector.

U hebt ook de mogelijkheid om uw branchekennis aan te vullen met de uitgebreide artikelen van Labels & Labeling. Onze gerenommeerde vakpublicatie is tijdens het evenement verkrijgbaar bij de beursgidsen, het mediacentrum, de stand van Labelexpo Global Series en het persbureau.

De festivalsfeer reikt verder dan de beurshallen met ons spectaculaire evenement Festa Barcelona. Op 16 september wordt Time Out Market Barcelona omgetoverd tot de ultieme ontmoetingsplaats voor de sector, waar muziek, cuisine en netwerken samenkomen in één bruisend feest.

Ik nodig u uit om samen met ons het volgende hoofdstuk van de geschiedenis van onze sector te schrijven in het prachtige Barcelona. Labelexpo Europe 2025 is meer dan een vakbeurs; het is een viering van innovatie, samenwerking en de mooie toekomst van de label- en verpakingsdrukkerij.

Hartelijk dank voor uw deelname aan dit nieuwe hoofdstuk. Wij willen onze exposanten, partners, media en verenigingen, in het bijzonder FINAT, oprecht bedanken.

Geniet van de beurs!

JADE GRACE

Managing Director, Labelexpo Global Series

Beste bezoeker,

Namens FINAT, de Europese vereniging voor de labelindustrie, heet ik u van harte welkom op Labelexpo Europe 2025.

Volgens onze gegevens is dit de 20e editie van Labelexpo Europe sinds de beurs 40 jaar geleden voor het eerst in Brussel plaatsvond. Als trotse partner van dit evenement sinds 1991 heeft FINAT het voorrecht gehad om de transformatie ervan mee te maken – van een regionale vakbeurs gericht op de snelgroeiende Europese labelindustrie tot 's werelds grootste wereldwijde platform voor labels en narrow-web verpakkingstechnologieën.

Met de verhuizing naar het gloednieuwe Fira Gran Via begint een nieuw hoofdstuk. Deze moderne locatie biedt niet alleen ultramoderne faciliteiten en een opgefriste indeling, maar voegt ook een nieuw mediterrane tintje toe aan de Labelexpo-ervaring. We nemen afscheid van de vertrouwde hallen in Brussel, maar omarmen deze spannende verandering met hetzelfde enthousiasme en dezelfde spirit die het evenement al vier decennia lang kenmerken.

In een steeds complexere en gefragmenteerde mondiale markt is er een continue behoefte aan een centrale ontmoetingsplaats waar professionals elkaar kunnen ontmoeten, kennis kunnen uitwisselen en innovaties kunnen verkennen. Sinds 1985 werkt de labelindustrie in tweejarige cycli en Labelexpo Europe fungeert al die tijd als een tweejaarlijks moment van reflectie, vooruitgang en inspiratie.

Deze editie van 2025 vormt hierop geen uitzondering. Met meer

dan 640 exposanten uit bijna 140 landen en naar verwachting meer dan 35.000 bezoekers blijft de beurs records breken en haar relevantie bevestigen. Het is een unieke gelegenheid om te zien hoe onze sector met creativiteit, veerkracht en technologische vooruitgang inspeelt op wereldwijde uitdagingen.

Net als bij een verhuizing zijn we allemaal enthousiast om dit nieuwe 'huis' te verkennen: de indeling, de dynamiek, het comfort. Echter, ondanks alle veranderingen blijft het belangrijkste element onveranderd: de levendige wereldwijde labelgemeenschap die hier samenkomt om te leren, te groeien en te vieren. En ja, een verhuizing is niet compleet zonder een gepaste housewarming party!

Bij FINAT zijn wij er trots op deel uit te maken van deze nieuwe reis. Ik nodig u van harte uit om onze stand in hal 4 (E49) te bezoeken voor meer informatie over onze lopende initiatieven en om te ontdekken hoe u, als onderdeel van de internationale labelgemeenschap, kunt bijdragen aan de vooruitgang van onze sector.

Ik wens u een inspirerende, productieve en succesvolle beurs toe.

Met vriendelijke groet,

PHILIPPE VOET

BIENVENIDO

Estimado visitante,

Es para mí un gran placer darle la bienvenida a la feria dinámica comercial: Labelexpo Europe 2025. Este año hacemos nuestro debut en Barcelona y eso no solo supone un cambio de localización, sino que nuestro objetivo es transformar la experiencia por completo para acompañar la dinámica evolución del sector de las etiquetas y la impresión en todo el mundo. Se trata de un cambio que marca un hito histórico tras más de cuatro décadas en Bruselas. Este traslado estratégico refleja la constante evolución del sector y ofrece el telón de fondo perfecto para dar una visión más amplia de esta industria. El recinto de este año, un 15 % más grande que el de la edición de 2023, rebosa innovación, sostenibilidad y creatividad en ocho pabellones interconectados a lo largo de 240 000 metros cuadrados.

Uno de los aspectos más destacados de la edición de 2025 es la atención que se le dará a los cartones plegables, además de a las etiquetas y los envases flexibles. Con esto queremos destacar la actualidad en nuestro sector, ya que Labelexpo Europe abarca todo el espectro de la industria y sabemos que alrededor de una quinta parte de todos los expositores de Labelexpo Europe 2025 ya suministran una amplia gama de productos al sector del cartón plegable y más del 25 % de los expositores de Labelexpo Europe 2025 trabajan con etiquetas, envases flexibles y como no, con cajas plegables.

Nuestras zonas temáticas han sido diseñadas a conciencia para abordar los retos más relevantes del sector. El espacio The Pulse está diseñado al detalle para estimular el aprendizaje, el compromiso y el establecimiento de contactos en un programa en el que se destacan las tendencias del sector. Todos los días se hace un discurso de apertura y otras presentaciones sobre automatización, envases flexibles, cajas plegables y sostenibilidad, incluido el Reglamento de la UE sobre el reciclaje de residuos de los envases de productos (PPWR) y sus implicaciones, a lo largo de los cuatro días que dura la feria.

Nuestro objetivo principal es aportar valor y educar y eso lo hacemos gracias a Label Academy en la que se dan master class, sobre cajas plegables para convertidores de etiquetas, integración de la tecnología RFID y automatización en la producción de etiquetas, ofreciendo oportunidades de un valor incalculable para que pueda ampliar sus conocimientos y mantenerse a la vanguardia de las tendencias del sector.

También tendrá la oportunidad de complementar todo lo que ya conoce del sector con la cobertura en profundidad de Labels & Labeling: nuestra publicación de confianza estará disponible durante todo el evento al lado de las guías de la feria, el centro de prensa, el stand de Labelexpo Global Series y la oficina de prensa.

El ambiente festivo se extiende más allá de las salas de exposición con nuestro espectacular evento Festa Barcelona. El 16 de septiembre, Time Out Market Barcelona se transformará en el punto de encuentro más importante del sector, con una mezcla de música, gastronomía, y oportunidades para hacer contactos en una emocionante celebración.

Le invito a unirse a nosotros para escribir juntos el próximo capítulo de la historia de nuestra industria en la hermosa Barcelona. Labelexpo Europe 2025 es más que una feria comercial: es una celebración de la innovación, la colaboración y el brillante futuro del sector de las etiquetas y la impresión de envases.

Gracias por acompañarnos en este nuevo capítulo. Gracias de corazón a nuestros expositores, socios, medios de comunicación y asociaciones, especialmente a FINAT.

¡Disfrute del espectáculo!

JADE GRACE

Directora ejecutivo, Labelexpo Global Series

Estimado visitante,

En nombre de FINAT, la asociación europea de la industria del etiquetado, le doy la más cordial bienvenida a Labelexpo Europe 2025.

Según nuestros registros, esta es la 20.ª edición de Labelexpo Europe desde que la feria aterrizó por primera vez en Bruselas hace 40 años. Como orgulloso socio de este evento desde 1991, FINAT ha tenido el privilegio de ser testigo de su transformación: de una feria regional centrada en la industria europea de las etiquetas, en rápida expansión, a la mayor plataforma del mundo del sector de las etiquetas y las tecnologías del envasado de banda estrecha.

Con el traslado de este año a la flamante Fira Gran Via, se inicia un nuevo capítulo. Este moderno recinto no solo ofrece instalaciones de última generación y un diseño renovado, sino que también aporta un nuevo sabor mediterráneo a Labelexpo. Aunque nos despedimos de Bruselas, acogemos este apasionante cambio con el mismo entusiasmo y el espíritu que ha definido nuestra feria durante cuatro décadas.

En un mercado global cada vez más complejo y fragmentado, la necesidad de un punto de encuentro central, donde los profesionales puedan conectarse, intercambiar conocimientos y explorar innovaciones, es cada vez mayor. Desde 1985, la industria del etiquetado trabaja en ciclos bienales, y Labelexpo Europe ha sido siempre un lugar para la reflexión, progreso e inspiración.

Esta edición de 2025 no es una excepción. Con más de 640

expositores de casi 140 países y más de 35 000 visitantes, la feria sigue rompiendo récords y reafirmando su relevancia.

Se trata de una oportunidad única para demostrar la forma en la que está respondiendo el sector a los desafíos globales con ayuda de la creatividad, la resiliencia y los avances tecnológicos.

Al igual que después de hacer una mudanza, estamos ansiosos por explorar este nuevo «hogar»: su distribución, sus ambientes, sus comodidades. Sin embargo, en medio de todo este cambio,

el elemento más importante sigue siendo el mismo: la dinámica comunidad global del sector de las etiquetas que se reúne aquí para aprender, crecer y celebrar juntos. Y sí, ¡ninguna mudanza estaría completa sin una buena fiesta de inauguración!

En FINAT, nos enorgullecemos de formar parte de este nuevo viaje. Les invito a visitar nuestro stand en el pabellón 4 (E49) para obtener más información sobre nuestras iniciativas en la actualidad y descubrir cómo usted, como parte de la comunidad internacional de etiquetas, puede ayudar a impulsar nuestro sector.

Le deseo una exposición inspiradora, productiva y exitosa.

Saludos cordiales,

PHILIPPE VOET

BENVENUTI

Gentile visitatore/visitatrice,

è con immenso piacere che ti diamo il benvenuto a questa dinamica fiera commerciale: Labelexpo Europe 2025. Il nostro debutto a Barcellona non segna soltanto un cambio di sede, ma una trasformazione dell'intera esperienza, per un'evoluzione a livello globale nel settore della stampa di etichette ed imballaggi. Questo cambiamento rappresenta una pietra miliare, dopo oltre quarant'anni a Bruxelles. La nuova sede strategica rispecchia l'evoluzione dinamica del nostro settore e fornisce la cornice perfetta per una visione più ampia. Già più grande del 15 per cento rispetto all'edizione 2023, l'evento di quest'anno è ricco di innovazioni, di idee sulla sostenibilità e di creatività nei suoi otto padiglioni interconnessi, che coprono una superficie di 240.000 m².

Uno degli aspetti più importanti della nostra edizione 2025 è una maggiore attenzione verso i Astucci pieghevoli oltre che alle etichette e agli imballaggi flessibili. Questa espansione rappresenta la naturale convergenza di tutta l'industria con Labelexpo Europe, che tocca l'intero spettro del settore: circa un quinto di tutti gli espositori di Labelexpo Europe 2025 forniscono già una vasta gamma di prodotti all'industria dei Astucci pieghevoli e più del 25 per cento degli attuali espositori, quest'anno, vantano un portfolio che si estende alle etichette, agli imballaggi flessibili ed ai Astucci pieghevoli.

Le nostre aree espositive sono state progettate con attenzione per rispondere alle sfide più impellenti del settore. The Pulse, è stato creato con cura per stimolare l'apprendimento, l'impegno e le connessioni, con un programma che evidenzia le attuali tendenze innovative del settore e comprende un discorso di apertura giornaliero e altre presentazioni durante tutti i quattro giorni dell'evento su temi quali automazione, imballaggi flessibili, Astucci pieghevoli e sostenibilità, compreso

il PPWR (Regolamento Imballaggi e Rifiuti da Imballaggio) e le sue implicazioni.

L'educazione resta al centro della nostra missione, con Label Academy che organizza masterclass di specializzazione su Astucci pieghevoli per convertitori di etichette, integrazione di tecnologie RFID e automazione nella produzione di etichette, offrendo opportunità inestimabili per espandere le proprie competenze e stare al passo con le nuove tendenze del settore.

Avrai anche l'opportunità di arricchire le tue conoscenze con informazioni approfondite sul mondo delle etichette. La nostra affidabile pubblicazione di settore è disponibile durante tutto l'evento accanto alle guide della fiera, al centro dedicato ai media, al Labelexpo Global Series Stand e presso l'ufficio stampa.

L'atmosfera festiva si estende al di là dei padiglioni espositivi grazie al nostro evento spettacolare, Festa Barcelona. Il 16 settembre, Time Out Market Barcelona si trasformerà nel punto di incontro del settore, offrendo musica e gastronomia, oltre alla possibilità di fare network in un'unica celebrazione spumeggiante.

Ti invito a unirti a noi per scrivere insieme il prossimo capitolo della storia del nostro settore nelle splendida Barcellona. Labelexpo Europe 2025 è ben più di una fiera commerciale: è un evento che celebra innovazione, collaborazione ed il promettente futuro del settore della stampa di etichette e imballaggi.

Grazie per partecipare alla scrittura di un nuovo capitolo. Un sentito ringraziamento va ai nostri espositori, partner, rappresentanti dei media e associazioni, in particolare alla FINAT.

Buona visita!

JADE GRACE

Managing Director, Labelexpo Global Series

Gentile visitatore/visitatrice,

a nome della FINAT, l'associazione europea per l'industria delle etichette, ti do un caldo benvenuto a Labelexpo Europe 2025.

Secondo i nostri dati, si tratta della 20° edizione di Labelexpo Europe da quando l'evento è approdato a Bruxelles 40 anni fa. Come partner di questo evento dal 1991, la FINAT ha avuto il privilegio di assistere alla sua trasformazione, da fiera commerciale regionale in rapida crescita, incentrata sul settore europeo delle etichette, alla più grande piattaforma a livello mondiale per le etichette e le tecnologie di imballaggio a banda stretta.

Con la nuova sede di quest'anno, nella nuovissima Fira Gran Via, inizia un nuovo capitolo. Questa sede moderna non offre soltanto strutture all'avanguardia e un layout rinnovato, ma conferisce anche un nuovo sapore mediterraneo all'esperienza di Labelexpo. Congedandoci dai cari padiglioni di Bruxelles, abbracciamo questo emozionante cambiamento con lo stesso entusiasmo e spirito che ha caratterizzato questo evento per decenni.

In un mercato globale sempre più complesso e frammentato, la necessità di un luogo di incontro centrale, dove i professionisti possano connettersi, scambiarsi informazioni ed esplorare aspetti innovativi,

resta più importante che mai. Dal 1985, il settore delle etichette ha operato in cicli biennali, e Labelexpo Europe ha sempre rappresentato, ogni due anni, un momento di riflessione, progresso ed ispirazione.

L'edizione 2025 non fa eccezione.

Con oltre 640 espositori provenienti da quasi 140 paesi e oltre 35.000 visitatori previsti, l'evento continua a battere record e a riaffermare la sua importanza. Offre infatti un'opportunità unica per osservare come risponde il nostro settore alle sfide globali attraverso creatività, resilienza e progressi tecnologici.

Come per tutti i traslochi, siamo tutti ansiosi di esplorare questa nuova "casa", il suo layout, la sua energia e i suoi comfort. Tra tutti i cambiamenti, l'elemento più importante rimane comunque lo stesso: la vivace comunità del mondo delle etichette, che si riunisce qui per imparare, crescere e festeggiare tutti insieme. E il trasferimento non può dirsi completo senza un bel party di inaugurazione della nuova sede!

Alla FINAT, siamo orgogliosi di far parte di questo nuovo viaggio. Ti invito a visitare il nostro stand nel padiglione 4 (E49) per scoprire di più sulle nostre iniziative e su come tu, come membro della comunità internazionale del settore delle etichette, potrai aiutarci a far avanzare il nostro settore.

Ti auguro di partecipare ad un evento che possa ispirarti, essere produttivo e di successo.

Cordialmente,

PHILIPPE VOET

Presidente, FINAT

Livasta

Mono-materialized labelstock

Features

Mono-materialized labelstock (same material) as the polyester container.

Designed for application to polyester surfaces, the material is constructed using the same material for the face film and the ADHESIVE.

Due to the unique surface treatment, the ink layer can be easily removed during the PET container recycling washing phase (warm alkaline water wash).

Advantages of mono-material labelstock compared to conventional labelstock

Conventional labelstock

Ink layer is difficult to remove, and different materials are present so recycling efficiency decreases.

Mono-material labelstock

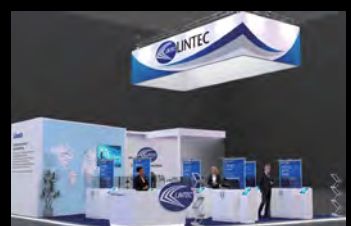

Ink layer can be removed during recycling washing phase and all materials originate from the same chemical components so recycling efficiency increases.

I'M SMALL – BIG ON IMPACT

So is your next packaging choice

Flowpack isn't just a sleek packaging format – it's a smarter, more responsible choice.

By switching from rigid packaging to flexible flowpack, brands can reduce plastic use, lower CO₂ emissions, and boost efficiency across transport and production.

Our **one substrate** provides strong protection, longer shelf life and full recyclability – without compromising on performance.

- Structure, substrate and design implications
- Impact of modern gluing and finishing lines

Ludovico Frati, Sales & Marketing Director, Digital Printing & Converting Folding Carton, Bobst

15:30 FOLDING CARTON MATERIALS

- Key substrates for quality, strength, and sustainability
- Substrate behavior on flexo and digital presses
- Material choices and brand expectations

16:00 INKS, COATING AND LAMINATES FOR OPTIMAL DECORATIVE EFFECTS

- Ink performance and special effects
- Traditional laminates vs. recyclable solutions
- Emerging coating technologies

LABEL ACADEMY MASTER CLASS: RFID TECHNOLOGY AND INTEGRATION

WEDNESDAY 17 SEPTEMBER 2025 ✦ PRICE: €495 ✦ CC3, ROOM 3.14

Radio Frequency Identification (RFID) technology is revolutionizing the label production industry by providing a seamless and efficient way to track and manage products throughout their lifecycle. By embedding RFID tags into labels, manufacturers can unlock a range of benefits, from improved inventory management and enhanced traceability to better product security and streamlined supply chains.

This full-day Label Academy Master Class will explore the growing role of RFID in label production, showcasing how this technology is transforming how brands manage and track their products, optimize operations, and engage with consumers. Visitors will gain insights into the latest RFID advancements, including passive and active RFID systems, and how they can be integrated into labeling systems for a more connected and intelligent production environment.

RFID TECHNOLOGY AND INTEGRATION

9:30 COFFEE & NETWORKING

10:00 EXPLORING RFID CHIP TECHNOLOGY

- Innovations in chip technology and their applications
- RFID tag essentials
- RFID tag frequencies and behaviors

Gustav Sandstrom, Director, Intelligent Labels Sales & Business Development EMENA, Avery Dennison

10:30 RFID IN ACTION: REAL-WORLD USE CASES TRANSFORMING BUSINESS

- Use cases for RFID from major brands
- Opportunities for label converters
- Technology and considerations for RFID production

Dr. Vlad Sljapic, Chief Commercial Officer, Graphimecc Group S.r.l.

11:00 EQUIPMENT ESSENTIALS: WHAT YOU NEED TO GET STARTED

- Key equipment for RFID label production
- How to invest in the right machinery and software
- Quality control, testing and compliance regulations

Jon Adsem, Sales Manager, Delta ModTech

11:30 RFID MANUFACTURING, TESTING AND QUALITY CONTROL

- RFID converting equipment requirements
- In-line and off-line testing and quality control
- High speed encoding

Teemu Ainasoja, Vice President, Sales and Marketing, Voyantic

12:00 NETWORKING LUNCH

13:00 CHIP PROGRAMMING AND DATA MANAGEMENT

- RFID chip programming and encoding
- Protecting the IT backbone
- Compliance requirements for data management

LABEL ACADEMY

INKS, COATINGS AND VARNISHES

For the converter, a clear understanding of the performance characteristics, handling and storage of inks and coatings is essential in today's legislation-drive label production process.

Inks, Coatings and Varnishes sets out to explain the entire inks and coatings value chain, from ink manufacture to the chemical properties of different ink systems, how they are dried or cured, and how inks and coatings are specified for different end use performance requirements. It is an essential resource for anyone involved in the label converting market.

The chapters in this book look at:

- + Ink systems and chemistries
- + Drying and curing systems
- + Proofing and testing procedures
- + Impact of legislation
- + Surface treatment and ink adhesion

YUPO WILL BE PRESENT AT LABEL EXPO 2025 IN BARCELONA ONCE AGAIN.

We will be showcasing our latest **IML (in-mould labelling)** developments, which are designed for a circular economy.

With our CleanSort range, brand owners can achieve their sustainability goals while complying with the upcoming PPWR (Packaging and Packaging Waste Regulation).

Our label material can be separated in the PET, PE and PP recycling processes, allowing plastic to be recycled and returned to its pure polymer form without ink, varnish or foil contamination.

ILLUSTRATED FLEXIBLE PACKAGING

Flexible packaging continues to experience one of the highest growth rates across all printing sectors. Narrow- and mid-web printing using conventional and digital technology has opened up the market for both label converters and new customers entering this industry, who have never previously had a solution for short-run flexible packaging orders.

Flexible Packaging – a technical guide for narrow- and mid-web converters, is an essential read for those who are either setting out on their flexible packaging journey or looking to expand production.

This illustrated guide will provide you, not only with an overview to flexible packaging, but it will specifically look at:

- + Identifying the paper, foil and filmic substrates currently available in the marketplace
- + Offering a clear understanding and analysis of the multi-layer constructions and barrier properties
- + Providing practical market applications and opportunities
